

# RTS22 Wall switch ON/OFF

## Format 55

The RTS22 wall switch from the Format 55 series is a battery-operated Easywave transmitter.

This complete version of the RTS22 wall switch contains all the components required to be put into operation immediately. The transmitter module, a white frame and a white single rocker are included in the scope of delivery.

Additional individual rocker variants are also optionally available in other colors as accessories. If necessary, the wall switch can be used in cover frames of other manufacturers (see compatibility list).

The RTS22 is usually used to switch lighting with 2-button operation.

RTS22E5002A12
